Put style and speed on your desktop with SimpleTech's SimpleDrive external storage and backup solution. Designed by the renowned Ferrari design house, Pininfarina, it features sleek lines and a low profile sure to be the envy of the home or office.

But don't let this beauty fool you. The SimpleDrive external hard drive features the world's highest capacity, single-drive solution at 1 terabyte (1TB), perfect for storing and backing up music, videos, photos and documents in a small footprint.

Setup is a snap and data transfer rates are fast and reliable. Preloaded with One-Click™ backup software, the SimpleDrive external hard drive lets you backup and protect all your files and folders, or selected ones, with a single click, or automatically. A built-in capacity ring acts as a capacity meter so you can view utilized disk space.
