SimpleDrive Deluxe

SimpleDrive

SimpleDrive & SimpleDrive Deluxe

External USB 2.0 Hard Drive

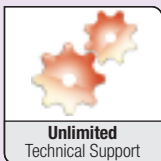

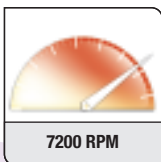

SimpleDrive™ USB External Hard Drives are the easiest way to add more lightning fast storage to any desktop or notebook computer. With Hi-Speed USB 2.0, setup is a snap and data transfer rates are fast and reliable. And SimpleDrive Deluxe provides a firewire port, as well as a USB Port.

Every SimpleDrive provides "one-click" back-up with StorageSync Professional Automatic Backup Software for Windows.

Engineered for performance and reliability, SimpleDrives are external high capacity drives, ideal for any storage need, including digital music, movies and photographs. And they are 100% compatible with nearly all computer systems.
